

New

Straight from race tracks here is the new MHR TEAM Malossi VL16 valve!

This new reed valve for Piaggio engines was designed to optimize the new BIG BORE cylinder kits equipped with Ø28 carburettor kit.

Code = **2713719.CO**

€ 56.00

Technical features

- 42% oversized valve
- One-reed structure
- Valve with 0.30 mm carbon fibre reeds
- Without internal divider
- Equipped with internal element to improve the fluid dynamics of the reed

NB: in order to fit this new reed valve it is necessary to do a mechanical removal on the crankcase.

Products to be used exclusively for racing in places specially designed for such activity according to the regulations of the competent sporting authorities. We accept no liability resulting from improper use.
